

ROTAX MAX Challenge - Canada

TECHNICAL BULLETIN 2021-2
IMPLEMENTATION: August 19th, 2021

Regulations affected: **2021 Rotax MAX Challenge Technical regulations - Canada**

This bulletin was made necessary by the persistent shortage of batteries in Canada.

Section 6.8 Battery, battery fixation states:

6.8 Battery, battery fixation

Original batteries with following specification only are legal to be used.

YUASA YT7B-BS (with and without Rotax branding)
ROTAX RX7-12B or RX7-12L (lithium iron phosphate type)
(...)

Due to the shortage, please note that the brand of the battery will no longer be considered as a technical element until further notice.
